STAT

1. [redacted] Chief FL called and asked if we would try to locate a CONGRESSIONAL RECORD item in which former Senator Knowland supposedly placed in the RECORD a letter from Robert S. Thompson, of the Air Force, to the mother of John Birch. This item is said to have appeared in the RECORD sometime in 1953 or 1954. The CIA Library and the Government Printing Office have been unable to locate such an item. Senator Knowland's file has been requested from archives in the possibility that the item might have been placed in his file.

She said she had not heard from him on the [redacted] case and that she did not want to be responsible for any further delays in our contacts with [redacted]. Therefore, she suggested that we go ahead with our original plans and inform the Congressman of our action upon his return.
